Subject: Coaching time adjustment for the MNSU Student Teaching Supervisors , for May 5th

Hi,

Today I found out that Dr. Yvette Jackson has confirmed that she will work with the MNSU supervisors beginning at 12:00 Noon . This means that the coaching time will need to be adjusted.

We know this is a last moment change and perhaps your schedule does not allow for this adjustment. We are hoping that at least one person from your coaching pair could be available from **11:15-12:00** to coach your group. **Let me know if you are able or not able to make this adjustment.**

I will be sending coaching information and the PPT either Monday night or Tuesday.

Thank you for a timely response.
