Subject: Question about K-12

Hi Dr. Johnson,

I hope you are doing well and that you're still enjoying your grand-dog!

I am currently seeing if I can help domestic students who have English as a Second Language obtain accommodations like extended test times. I am finding that MSU does not have services that can help domestic ESL students.

I am reaching out because I don't have any experience in K-12 systems, and I was wondering how the schools in your district helped students that were ESL/ELL and what kind of accommodations could they receive?

Thank you,

Rosalin A. Cobb
